

## 2010 Field Trip to Rideau Woodland Ramble and Picnic

On **Saturday, July 17**, the Greely Gardeners Group travelled to the gardens of **Rideau Woodland Ramble**, and our members were delighted with the reception that we received. Rob Caron and Dave Dunn (owners of RWR) had cool drinks and baked goodies for us in their “Ramble House”, the enclosed gazebo and sales centre.

It was a hot and humid day and we all appreciated the refreshments. We strolled around the gardens for an hour or more and many of us purchased one or two plants – who could resist! Afterwards we drove down the road to the Burritt’s Rapids Locks on the Rideau Canal to enjoy a picnic lunch and watch the boats moving through the locks. What a pleasant way to enjoy a summer’s day.

Thanks to those members who helped organize this trip and share the car-pooling duties.
