

## Vines and Climbers – June 1, 2011

***Vines and Climbers*** was the subject of the presentation made at our June monthly meeting by **Mary Shearman Reid**, owner of Green Thumb Garden Centre.

Mary made a transition from banking to horticulture in 1996. Growing up in a family of gardeners, Mary worked as a gardener during her summers at university, and continues to garden at home. She uses practical skills and knowledge as well as her business and retail skills at Green Thumb. Mary is a member of Landscape Ontario, a Certified Landscape Professional and volunteers as a Master Gardener.

When Green Thumb Garden Centre (SE of Merivale Road and Hunt Club, off Bongard) is open, Mary is usually there, and over the winter months, she does her Green Thumb work at home, and teaches for the local school boards, garden clubs and societies.
