

Amazing Annuals – May 6, 2015

On February 5th, Mary Ann Van Berlo walked us through a wonderful slide presentation, "Amazing Annuals", focusing on the effects that can be accomplished by choosing the right annuals for the right locations in order to showcase our gardens. Mary Ann is a member of the Master Gardeners of Ottawa-Carleton and the Ontario Horticultural Society, and is a very engaging gardener. She recommended many annuals that are sure to add colour and character to our gardens well into the fall.

For more ideas on how this can be done, you can get a glimpse of Mary Ann's gardens at the following websites:
