

## "What's New at the Garden Centre" – June 3, 2015

On June 23rd, **Cindy Cluett**, owner of Beyond the House Garden and Floral Design Centre (in Russell), spoke to the Greely Gardeners Group on the subject of "*Whats's New at the Garden Centre*".

Cindy is an experienced landscape designer and her presentation centered on plant placement, maintenance, and winter care. Her photos were wonderful, as were all the lovely plants she brought in. An eye-catching favorite was the Clematis Filigree from the Flora Collection Clematis (Heritage Perennials), a compact miniature clematis standing only 30 cm tall!
