

## Holiday Floral Arrangements – November 1, 2017

For the second consecutive year, the Greely Gardeners have been fortunate to spend an evening with Michelle Vanden Bosch while she demonstrated how to assemble amazing holiday floral arrangements. Michelle is the owner of Rebel Petal Floral Design Studio in Manotick and has been creating striking floral arrangements for Canadian Prime Ministers and high profile visits of foreign dignitaries for many years.

Michelle and Gary used dozens of flowers and plants to create seven special arrangements which were generously raffled at the end of the meeting to members and guests present. The evening was a great success and the Greely Gardeners Group would like to thank Michelle and Gary for spending some time with us and providing these beautiful arrangements.

Many more examples of Michelle's exquisite designs can be seen in her photo gallery at: <http://rebelpetal.ca/>
